Behavior 101

Autism and behaviors go hand in hand. While some behaviors may appear to be "cute" at an early age, others can be annoying, difficult to handle, and downright dangerous. And, as kids get older, behaviors can become even more problematic.

Join us as long-time advocate, **Judy Marks** will be presenting on this important topic. She will share knowledge gained from her years of formal training as an Autism/Behavioral Consultant as well as her experience as a mom with two now young adult children on the spectrum.

Tuesday, October 3rd - 6:30 to 8:30pm

Location:

**Heart Transactions
2026 Fulton Road NW, Suite C
Canton, Ohio 44709**
