Workshop October 1, 2022

Environmental Strategies to Reduce Challenging Behaviors

Facilitator: Dr. Kristine Turko, BCBA, COBA
Event date: Saturday, October 1st, 2022, from 9am - 12pm
Registration Fee: $50
(includes continental breakfast, parking, and all program materials)
Location: 1725 South Arch Avenue, Alliance, OH 44601

Disruptive behavior is often a child’s attempt to communicate, and every behavior has a purpose - whether it’s to gain attention or escape from doing a challenging task. This workshop will help you:

1. understand how to determine the purpose of disruptive behavior
2. look for behavior patterns
3. promote socially and functionally appropriate behavior
